

FLOW™ FINISHING SYSTEM

Backpack finish system makes floor cleaning quick and easy. Ergonomic backpack holds 1.5 gallons of solution—allows user to finish a 3,000 sq. ft. area with a single fill. Backpack features 3" opening for easy refilling. Venting channels and chest and waist straps on backpack provide comfort. Clean Connect™ hose easily connects backpack to trigger handle. Large, easy-to-use trigger dispenses finishing solution right where you need it. No-slip tip on mop handle prevents sliding down walls. Flow™ nylon mop head easily connects to the handle with Quick-Connect.
