#### 1. Para Block Deodorants

Air-activated, freshen the air and eliminate undesirable odors. Made from paradichlorobenzene saturated with liquid deodorants. **WARNING:** This product contains a chemical known to the state of California to cause cancer.

#### 2. Enzymatic Para Block Deodorants

Combine standard para blocks with the addition of beneficial bacteria. The bacteria release enzymes that consume the odor's source, effectively and permanently eliminating odors. **WARNING:** This product contains a chemical known to the state of California to cause cancer.

#### 3. Non-Para Blocks Deodorants

Water-activated, blue the water, counteract odors and fight bacteria growth. Contain no paradichlorobenzene.

How to choose a block deodorant
